## ABOUT US ..

It all comes down to 2017 when **Gadalla group** started its first company by establishing **Gadalla developers** in Larnaca, and after finishing luxurious buildings with futuristic Architect, getting along with multiple individuals, each with varied preferences, allowed us to experience their taste,

Inspired by this experience, we launched **GTL**—a brand designed to bring sophistication and style to Cyprus.

Located in the heart of Larnaca, our exquisite showroom offers a stunning array of premium products tailored for discerning tastes.

**GTL** is stockiest and wholesaler that could provide the fastest delivery to your doorstep, without waiting for months for your products.
